

# HOW TO USE PHERAL TO YOUR BEST ADVANTAGE

**DON'T JUDGE AT FIRST USE -- UNTIL 3-5 WEARINGS**

**First Use →**

**3-5 Wearings →**

**Love It**

## WATCH FOR HER HIDDEN SIGNALS OF ATTRACTION

**Mirroring** – She subconsciously mimics your gestures, posture, or speech.

**Prolonged Eye Contact** – She lingers just a little longer than usual.

**Playing with Her Hair or Accessories** – Fiddling and fidgeting is a sign of nervous attraction.

**Leaning In When You Talk** – The closer she gets, the better!

**Noticing Small Details** – Comments on your cologne, smile, or eyes show she's paying attention.

**Teasing & Playful Banter** – Flirty, fun exchanges indicate growing attraction.

**Her Body Points Towards You** – Even subconsciously, her stance shows her focus.

**Laughing More Around You** – If she's giggling, she's enjoying your presence.

**Starting & Continuing Conversations** – If she keeps engaging, she wants to keep the connection going.

## Enjoy the Scent -- Works Great If You Enjoy It
